Dream Makers

Mike
Kedzie

In the NIGHT ~~on~~ the Hottest DAY of your life

I saw a Dream come TRUE

Millions of People were everywhere

Wondering what to do

Can a dollar cure someone ~~that~~ who's needs

are more than words and a ~~single~~ song

Sometimes a little heart and soul when you sing

Can make the weak get strong.

And I feel it too!

~~When~~ When you think you need some help from above

Think what you've ~~already~~ done til now

Get tough, Fight Back

make it work out somehow

All the people in all the lands come on

Hear what we're tryin to say.

A little heart & soul in our song

Will make it work today

We are Dream Makers (all)

making a Dream come true (one)

We are Dream Makers (all)

we're gonna pull you through (one)

We are Dream Makers (all)
